4. [ ] reported on the status of the UGF drive and advised that the drive has resulted in about 1/3 of the goal accomplished which, as he stated, is on a par with the previous drives. [ ] remarked that the DD/I component was ahead in the total amount of collections and that the results of the PSAS drive to date have exceeded the amount collected last year at this particular time. He expects the PSAS drive to exceed last year's goal. The total amount collected to date in the PSAS drive is \$5,030.
